Profile

A Frontend Engineer with approx 3 years of experience building Web Apps using Angular, JavaScript, TypeScript, HTML5, CSS, and SCSS

Professional Experience

Software Engineer, *ATAI Labs Pvt. Ltd.*   09/2021 – present
                                                                                    Hyderabad, India

- Developed an alert app using the **socket.IO** library in order to get **real-time alerts related to equipment working status**, along with a **filter and report download feature** that improves the field operation rate.
- Developed **login feature** with **protected routes using Angular router-guard**. and implemented **authorization** using the **HTTP Interceptor** by adding **JWT in the request header** for ICD project
- Enhanced Survey project, boosting user engagement by 20% and increasing survey completion rates by 15%.
- Used **Gsap Library**, **Angular Material**, **SCSS**, **TypeScript**, **angular pipes**,**httpClient-service**, and **forms using the form-builder service** with **input validations** to develop features for the employee management project, which **reduces data entry errors by 40%**, and made **responsive UI** using the **angular breakpoint observer service**.
- Utilized TypeScript **interfaces**, **enums**, and **classes** for better code quality, resulting in a **20% reduction in code review cycles**.

Projects

Portfolio, *A Showcase of Passion and Proficiency*
Simple responsive portfolio using **angular**, **Gsap**, **smooth-scrollbar**, **typescript**, **HTML**, and **SCSS**

UI Calculator

- It is a simple UI calculator which is created using **HTML CSS** and **JAVASCRIPT**

Skills

- Angular
- SCSS
- Rxjs
- Shell Script Basic
- Fabricjs

- JavaScript
- TypeScript
- GSAP
- MongoDB
- Github

- HTML5
- CSS3
- Git
- Express
- Socket.IO

Education

Bachelor of Technology (B. Tech) - CompScience and Engineering,   08/2017 – 06/2021
Rajkiya Engineering College Sonbhadra   Sonbhadra, India

Achievements

- Successfully trained interns in **Angular**, **TypeScript**, **JavaScript**, **HTML**, and **CSS**.
- Facilitated learning sessions and guided **Socket.io** implementation.
- Collaborated with interns to develop real-world projects, enhancing their practical skills in web development.
